Health
foundation

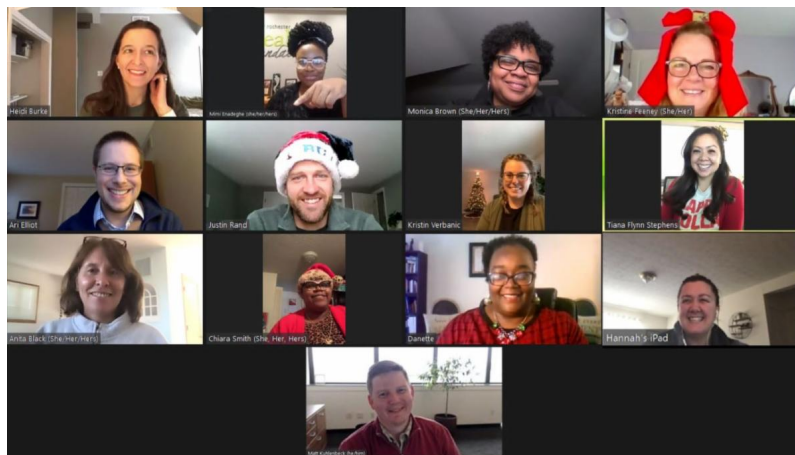

As we reflect on the year that is coming to a close, we are grateful for our relationships and partnerships with you and the inspiring work you do. We are thankful for your collaboration, creative problem solving, and dedication to community as we continue the work to create a healthier region where all people can thrive.

Throughout the year, you have responded with innovation and perseverance amidst the COVID-19 pandemic that has further illuminated and added to the social and health inequities in our region.

As we seek to address the root causes of inequities and make the systemic changes needed to create a more equitable and just community, you've proved that our region is one that rolls up our sleeves when difficult times come our way.

We look forward to continued partnerships and new opportunities for connection, engagement, and growth in 2021.

From our Greater Rochester Health Foundation family, to you and yours -- we wish you a healthy, hopeful, and peaceful holiday season.

The mission of the Greater Rochester Health Foundation is to pursue and invest in solutions that build a healthier region where all people can thrive.
