

Organization	Project Title	Project Description	Geographic Area Served	Grant Amount	Duration	Focus Area(s)	Year
Volunteer Legal Services Project of Monroe County, Inc.	Immigrants' Rights Program	The proposed project would provide support for the Immigrants' Rights program, continuing to provide legal representation, advice and counsel, and Know Your Rights education on applying for citizenship and legal permanent residence to low-income immigrants. The program also assists undocumented migrant families and agricultural workers with emergency preparedness planning and services. Services and other agency referrals are offered where these populations work and live.	Monroe, Genesee, Livingston, Ontario, Orleans, Wayne	\$125,415	36 mo.	Racial Equity/Social Justice	2020
Center for Refugee Health - Rochester General Hospital	Patient Advocacy and Navigation Program	This project supports the complex health and social needs of refugees through continuing services of Patient Navigators, who provide care coordination, patient education, and collaboration with social service providers, embedded within a comprehensive primary and preventive care model. The project aims to improve rates of appointment no-shows, preventive services completed, hypertension control and medication adherence, and patient understanding of their medical conditions and care plan.	Monroe	\$109,562	12 mo.	Medical Care	2020
Big Brothers Big Sisters of Greater Rochester	Youth Mentoring for Health and Educational Success	This project will provide more Rochester area youth with long-term, one-to-one mentoring through the Big Brothers Big Sisters program model. This includes the expansion of full-time staff to recruit, screen, train, and match mentors with youth and continuing recruitment efforts with an intentional focus on recruiting mentors of color for better representation of the racial diversity of mentees.	Monroe, Ontario, Wayne, Yates	\$258,741	36 mo.	Child/Youth Development	2020
Wyoming County Community Health Services	Collaborative Care Model in Primary Care	The aim of this project is for Wyoming County Health Services to implement the evidence-based collaborative care model of treatment that connects behavioral health within a primary care setting and to provide on-site access to a behavioral health care manager, along with access to mental health services as needed. This model will be embedded in the primary care offices affiliated with the Health System to support more effective mental health and complementary supports for rural community members.	Wyoming	\$103,973	12 mo.	Mental/ Behavioral Health	2020
Center for Youth	Flower City Changemakers Initiative	This project seeks to engage more young men of color facing major life challenges through their New Beginnings program with mentoring, alternative schooling, housing and other wrap-around supports. This grant will allow for the expansion of their program into the newly donated legacy building from the YMCA of Greater Rochester.	Monroe	\$258,750	36 mo.	Child/Youth Development	2020
Sodus Central School District	Wayne County Community Schools: Health Integration Project	This project will employ a School Health Integration Specialist to enhance a multi-tiered support system within the Wayne County Community Schools Consortium. The Integration Specialist will weave health activities into universal settings and align resources district and community-wide. By integrating school clinical health care, nutrition supports, physical activity, and out-of-school-time, this project will increase the range of services offered for rural youth and families.	Wayne	\$500,000	48 mo.	Public Health/ Prevention	2020
University of Rochester Warner School of Education	Youth As Science and Community Advocates for COVID Safety	Combining antiracist instructional units on the science of COVID delivered by school teachers and interaction with physicians from URM, this pilot project looks to empower middle and high school youth taking science classes in Rochester area schools with the knowledge and supports to advance COVID awareness and safety in their communities. Youth will develop a set of public service announcements tailored to their communities and serve as links to medical professionals and resources.	Monroe	\$89,077	18 mo.	Public Health/ Prevention	2020
Blueprint Geneva	Healthy Food Direct	Many neighborhoods in the city of Geneva have been USDA-designated food deserts since 2018. Based on community input, this project looks to partner with local rural farmers to create a meat co-op including the acceptance of EBT/SNAP benefits. Meat distributions will be held at a central location within the food desert area with options for household drop-offs, as needed. The overall goal of this effort is to provide food insecure families with healthier, affordable food purchasing options.	Ontario, Seneca	\$38,595	24 mo.	Food Access	2020
Salvation Army Empire State Division - Finger Lakes Region	Pathway to Recovery	With the increased need resulting from COVID, the Salvation Army's Pathway to Recovery project seeks to enhance their emergency food and financial assistance programs by incorporating a case management model. Conceived as a holistic approach to emergency assistance, this model integrates a field-based design to address the long-term recovery needs of families in rural communities.	Genesee, Livingston, Ontario, Orleans, Seneca, Wayne, Wyoming	\$179,220	24 mo.	Human Services/ Basic Needs	2020
University of Rochester School of Medicine and Dentistry	Reaching Our Community: ROC with the Women's Initiative Support Health (WISH) Program	This project seeks to deliver and refine a model of integrated clinical and preventive care as well as social service navigation to improve outcomes for high-need underserved Medicaid and Medicare populations with an emphasis on women involved in the justice system, battling substance use, or impacted by trauma. Through partnership with Exercise Express, the only Black-owned, Medicaid funded Home and Community Based Services (HCBS) provider, reaching our Community with WISH will provide co-located health promotion and prevention programming.	Monroe	\$391,016	36 mo.	Mental/Behavioral Health	2020
University of Rochester Medical Center- Complex Care Center- Sickle Cell Clinic	Sickle Cell Pain Treatment Management Project	The project is focused on providing improved treatment and service options for adolescents and adults with Sickle Cell Disease. Due to race-based and implicit bias, people who engage with the medical system often have their pain dismissed or co-occurring conditions ignored, which can and has resulted in adverse costly health-outcomes and decreased quality of life. Through establishing two on-site infusion chairs there will be improved access to pain management and innovative treatment options, the reduce emergency department utilization, and improve patients' quality of life for people living with Sickle Cell Disease.	Monroe	\$75,000	12 mo.	Medical Care	2020
Foodlink	Gamechangers at Foodlink	For over 40 years, Foodlink has been dedicated to ending hunger and building healthy communities by addressing both the symptoms and root causes of food insecurity and nutrition. Their "Gamechangers" project seeks to move their work beyond the current model, elevate community voice and inclusion to co-create community-led programs, services, and goods, so all people can feed themselves and their families sustainably and with dignity.	Monroe, Livingston, Ontario, Orleans, Seneca, Wayne, Wyoming, Yates	\$350,323	29 mo.	Food Access	2021
Yoga 4 A Good Hood	H.O.O.D. - Healing Ourselves through Oms and Downward Dogs	As a BIPOC-led organization, Y4AGH aims to train and nurture a network of yoga teachers of color, create a brave space for conversations among a diverse population, teach yoga in ways that center the wisdom and creativity of BIPOC, and offer affordable and accessible yoga classes, events, and educational materials. This is an operating grant to support the continuation of their work.	Monroe	\$300,000	36 mo.	Mental/ Behavioral Health	2021

East House Corporation	Client Engagement & Empowerment	East House is a Rochester based nonprofit which provides mental health and substance use supports. East House seeks to embark on a multi-year process to address the barriers to residential care and underutilization of behavioral health care services among Black, Indigenous, and People of Color (BIPOC) within their organization. Through an equity, diversity and inclusion guided assessment coupled with the development strategic plan East House will work to move forward co-created, person-centered approaches designed to ensure that appropriate attention is paid to delivering programming and services that are responsive and well positioned to support people of color.	Monroe	\$85,386	36 mo.	Mental/ Behavioral Health	2021
Family Promise of Wayne County	Roof Over Their Head (ROTH) Project	Family Promise of Wayne County addresses prevention, shelter, and stabilization to help families with children avoid or escape homelessness. The proposed program is an expansion to include family homelessness prevention services. The apartment program will provide intensive case management services and emergency payment assistance to help families avoid losing their current home or apartment, as well as assistance with security deposits and first month's rent to secure permanent housing.	Wayne	\$116,111	24 mo.	Human Services/ Basic Needs	2021
Partners in Community Development	Parents Elevating their voice to Educate and Empower Each other to Eliminate disparities and inequities in services related to the Emotional Health of our Kids	Parents Elevating their voice to Educate and Empower Each other to Eliminate disparities and inequities in services related to the Emotional Health of our Kids (PEEEEEK) is focused on serving Black, Indigenous, and People of Color (BIPOC) parents/caregivers with mental health conditions. The project seeks to engage BIPOC parents/caregivers in areas of leadership development, advocacy, education, and peer support to increase access to supports, improve community/provider awareness on the needs of communities of color and to counter mental health stigma and lack of services.	Monroe	\$499,632	60 mo.	Mental/ Behavioral Health	2021
Project Stork, Inc.	Happy Moms, Health Babies	Project Stork provides direct support to women experiencing Perinatal Mood and Anxiety Disorders (PMADs), advocacy on issues related to maternal mental health, and basic needs to low-income mothers/caretakers in Genesee and Orleans counties. Through peer support and referrals to mental health and other clinical services, this project's aim is to improve access and availability for low-income women and children to stave off the potential negative impacts of unaddressed maternal mental health and unmet basic needs.	Genesee, Orleans	\$63,884	36 mo.	Mental/ Behavioral Health	2021
The Father Laurence Tracy Advocacy Center	Outreach Zone Program	The Father Laurence Tracy Advocacy Center (FTAC) is a grassroots organization providing a wide range of advocacy, referral, and direct services focusing largely on Latino/x and Black communities in the neighborhood of La Avenida on N. Clinton Avenue. To address some of the health disparities this community faces, FTAC aims to expand their technology and outreach capacities to target health improvement. Viewed as a trusted liaison in the community, FTAC will connect residents to community resources around primary care, mental health, basic needs, housing, telehealth services, substance use treatment, and access to internet.	Monroe	\$500,274	60 mo.	Public Health/ Prevention	2021
United Way of Orleans County	Orleans & Genesee Counties Grant Writer & Fund Development Expertise	The United Way of Orleans and United Way of Genesee counties are partnering to strengthen their ability to respond to the additional hardships that the pandemic has created for them and for their community partners. This collaboration seeks the resources and expertise to support community collaborations, collaborative grant seeking and development of community wide fund-raising events within the United Ways and local community-based organizations to increase resources within the region.	Orleans, Genesee	\$499,291	55 mo.	Human Services/ Basic Needs	2021
Urban League of Rochester, NY	Interrupt Racism	Recently adopted from the Racial Equity and Justice Initiative (REJI), Urban League of Rochester launched their Equity and Advocacy Division and their Interrupt Racism initiative to mobilize people across the community to act as interrupters by changing policies, practices, and systems that negatively impact communities of color. Due to the Urban League's mission and experience they are uniquely positioned to lead this work and build capacity to address systemic racism in our region. They seek funding to support the two positions to help facilitate this work over the next two years as they grow and build capacity to sustain the work independently.	Monroe	\$210,003	24 mo.	Racial Equity/Social Justice	2021
Rochester Refugee Resettlement Services, Inc.	Improving Refugee Behavioral Health	There is increasing awareness of the trauma and emotional stress experienced by many refugees/immigrants. Rochester Refugee Resettlement Services has been housing and servicing the needs of refugees and asylum seekers for more than 10 years. Many therapeutic and supportive services are not linguistically or culturally accessible. This funding supports staffing to create a culturally appropriate and peer-based approach to addressing the unmet needs within this community.	Monroe	\$390,935.00	3 Years	Mental/Behavioral Health	2021
Rochester Spinal Association	Gun Violence Survivor Spinal Cord Injury Support Group	People of color or those that live with Spinal Cord Injury or Disorder due to gun violence have unique needs. Rochester Spinal Association's funding provides the resources to build the capacity of the individuals participating in a peer-based support group and expand the reach. Local gun violence survivors are hired as peer outreach workers and peer group leaders, using their knowledge, and lived experience to identify others in need of community who would benefit from connecting with and learning from others with a shared experience.	Genesee; Livingston; Monroe; Ontario; Wayne	\$50,000.00	2 Years	Human Services/Basic Needs	2021
Society for the Protection & Care of Children	Transformation: Addressing Inequities and Improving Health Outcomes	Society for the Protection & Care of Children partners with children and their families to advocate for their health, well-being, and safety. With a commitment to ensuring the organization is reflective of the demographics and lived experiences of those they serve, this funding supports staffing and specialized expertise and resources to help further engage in a transformation of their services, policies, and procedures to create more equitable practices internally and in community.	Monroe; Ontario; Seneca; Wayne; Yates	\$567,238.00	3 Years	Racial Equity/Social Justice	2021
Solutions Journalism Network	Sustainability Plan for Solutions Journalism Collaborative Covering Caregiving	The funding supports the next phases of the New York & Michigan Solutions Journalism Collaborative work focused on the development of a sustainability plan to support continuation of solution focused journalism efforts and further expansion within the Finger Lakes region to bring awareness to and improve the health of low income and caregivers of color.	Genesee; Livingston; Monroe; Ontario; Orleans; Seneca; Wayne; Wyoming; Yates	\$15,000.00	1 Year	Human Services/Basic Needs	2021
Spiritus Christi Prison Outreach	New Beginnings Program	Spiritus Christi Prison Outreach is an outreach ministry offering residential wraparound support in the forms of outreach, emergency housing, transitional housing, and permanent supportive housing to individuals re-entering the community from institutions like jail, prison, and treatment centers. The New Beginnings Program addresses preparation for and maintenance of permanent supportive housing in the community, and this grant funding supports capacitybuilding of their transitional housing work.	Monroe	\$146,408.00	5 Years	Human Services/Basic Needs	2021

The Hub585, INC	Manna House Project	Through the use of an evidence-based model, the Hub585 plans to establish the Manna House which will provide long-term housing for adolescent girls in and aging out of the foster-care system. At Manna House each youth will receive educational support, life skills training, tutoring, and mentoring and additional services provided at the Hub585's Hope Center. The success of the Manna House is supplemented by the numerous collaborations with other community partners to provide counseling (individual and group), case management, and GED/credit recovery resources for the girls. The Hub585 will also employ a licensed Monroe County foster parent to live in the home for immediate support to the youth.	Monroe	\$100,000.00	1 Year	Human Services/Basic Needs	2021
Trillium Health, Inc.	Reducing Over-Doses and Increasing Linkage to Care for People Who Use Drugs	To address the increase in overdose deaths in Rochester and Monroe County – along with the inequities in healthcare access, Trillium Health Reducing Over-Doses and Increasing Linkage to Care for People Who Use and Inject Drugs Project utilizes the Trillium Health Mobile Access Clinic and an onsite behavioral health services clinician at the satellite and Harm Reduction location. The funding supports this integrated healthcare model which can address the needs of people who use and inject drugs through the connection of primary/preventive care services, behavioral health services, and other social determinants of health supports.	Monroe	\$232,900.00	2 Years	Medical Care	2021
Vertus Charter School	Reducing Health Disparities for Young Men at Vertus	In partnership with Rochester Regional Health, the Reducing Health Disparities for Young Men at Vertus program provides two therapists from the Genesee Mental Health Center to conduct counseling sessions during school hours. Each therapist is available to students five days per week during regular school hours, either by appointment or walk-in. They seek to increase usage of mental health services by reducing stigma and other barriers faced by students, approaching student health interventions holistically. The on-site design provides a space that feels safe to students and combines it with support from trusted staff who are familiar with their personal story.	Monroe	\$178,548.00	3 Years	Mental/Behavioral Health	2021
Victim Resource Center	Invisible to Invincible Expansion	The Victim Resource Center of the Finger Lakes funding supports an on-site therapist to provide ease of access to one on one therapy and expand their current services to include mental health counseling for survivors of domestic, intimate partner or dating or sexual violence, providing clients with timely access to trauma-informed mental health counseling in a safe and familiar environment.	Ontario; Seneca; Wayne; Yates	\$525,676.00	5 Years	Mental/Behavioral Health	2021
Villa of Hope	Peer Certified Professional Workforce Development Program	Villa of Hope funding supports a comprehensive Peer Certified Professional Workforce Development Program, which focuses on the mental and supportive health needs as key components of career development, job placement, and maintenance.	Monroe; Ontario; Orleans; Wayne	\$608,559.00	3 Years	Human Services/Basic Needs	2021
Willow Domestic Violence Center of Greater Rochester	Expanding and Integrating Survivor Transition Program for Domestic & Intimate Partner Violence Survivors	As with many unaddressed social needs, COVID-19 made the lack of safety within many homes even more apparent. The stay-at-home orders increased social isolation, which resulted in a reported 30% increase in domestic violence across New York State. Willow/RESOLVE reported a 40% increase in demand for services in 2020. The funding supports increasing the number of Master's level trauma trained therapists on staff to expand the availability of their Survivor Transition Program.	Monroe	\$243,294.00	3 Years	Mental/Behavioral Health	2021
Worker Justice Center of New York	Integrative Survivor Services for Women working in Low-Wage Industries in Rural Counties	The Worker Justice Center of New York funding supports the development of a community-focused and led support group for immigrant and migrant women. The group focuses on women who have experienced or have the potential to experience domestic, intimate partner or sexual violence or human trafficking. Through support groups and circles, participants are provided opportunities for safety, cultural understanding, healing, and key information on various supportive services and topics focused on social determinants of health.	Genesee; Livingston; Monroe; Ontario; Orleans; Seneca; Wayne; Wyoming; Yates	\$264,000.00	3 Years	Mental/Behavioral Health	2021
YWCA of Rochester and Monroe County	Black Breastfeeding Initiative	Breastfeeding interventions such as peer counseling and group prenatal education positively impacted breastfeeding outcomes in Black, Indigenous, and People of Color (BIPOC) and their children. Reliability of culturally reflective, community-based peer support is a crucial step to breaking down the barriers that often exist in the predominately white lactation workforce. Through a collaboration with the YWCA of Rochester and Monroe County, Health Connect One, and Healthy Baby Network the funding supports the development of a coalition to support and encourage Black breast/chest feeding people in the Greater Rochester community and increase the number of BIPOC trained Breast/Chest Feeding Peer Counselors.	Monroe	\$555,400.00	3 Years	Maternal/Paternal and Perinatal Health	2021
Family Counseling Service of the Finger Lakes, Inc.	Maintaining Therapy Services	Family Counseling Services of the Finger Lakes therapists, advocates, and care coordinators work as a team to provide continuity of care and quality treatment for students and their families. Their team-based approach has been instrumental in changing the dynamics of co-located school services in their region. This project helps support the Seneca Falls, Gananda, and Sodus Central School districts to continue the availability of an on-site therapist to provide direct mental health supports to students and families.	Seneca; Wayne	\$125,000.00	1 Year	Mental/Behavioral Health	2022
Horizons at Warner	Horizons at Warner T-SEL	Horizons transformative social emotional learning program is a six-month program serving as an opportunity for parents and teachers to learn alongside scholars in the development and promotion of social emotional learning. Through this funding, families will be partners in the development of the menu of programs, and teachers trained in evidenced-based social emotional learning interventions will prep volunteers, alumni, and other Horizons educators to ensure supportive relationships with students with the goal of development of the social and emotional skills necessary for successful educational engagement with children.	Monroe	\$37,500.00	6 Months	Child/Youth Development	2022
Ibero-American Action League, Inc.	The Latino Health Equity Project	The basic lack of linguistic and culturally appropriate health communication or services has been an unaddressed equity issue for far too long. To help address this deficiency, the funding supports staffing and programmatic expansion of interpretation services, cultural education for providers, and the development of cultural and linguistic best practices.	Genesee; Livingston; Monroe; Ontario; Orleans; Seneca; Wayne; Wyoming; Yates	\$444,690.00	3 Years	Racial Equity/Social Justice	2022

Mary's Place Outreach	Case Management Program	Mary's Place Refugee Outreach serves Rochester's resettled refugees living in the city's northwest neighborhoods. Refugee families arrive in the United States with significant health and economic challenges and encounter formidable barriers to getting the supports and opportunities they need to meet basic needs for a healthy, stable life. These barriers include unfamiliar language and culture, numerous complicated service systems and programs, and few culturally appropriate services. Mary's Place Case Management program provides refugee families with easy-to-access, hands-on, free help to secure the supports they need. This project seeks to expand staffing and supervision to meet the increasing need and demand for case management supports and services.	Monroe	\$184,060.00	3 Years	Human Services/Basic Needs	2022
Mercy Flight, Inc.	Emergency Medical Transport ? Charity Care Program	Mercy Flight, an independent, non-profit providing air and ground medical transport and support services ensuring rapid, safe, and cost-effective delivery of expert emergency response teams, makes approximately 7,500 service calls within Genesee, Orleans, and Wyoming Counties annually. The Charity Care program creates an avenue for financial assistance and resolution by providing financial forgiveness and affordable, interest-free payment options. The purpose is to support a patients focus on healing by releasing some of the pressure of unpaid emergency transportation costs and bill collection. Direct support of the Charity Care Program is used to offset medical costs for uninsured and underinsured patients, increasing their footprint of the program by over 20%.	Genesee; Orleans; Wyoming	\$28,750.00	1 Year	Medical Care	2022
NYS Federation of Growers' & Processors' Association Inc.	Mental Health Analysis & Planning	With this grant, the Federation provides a bilingual Latinx consultant with research and mental health experience to partner with families and staff to conduct an analysis of the mental health needs of the children and families within their region. This enables the Federation to understand the mental health and wellness challenges of their communities and develop strategies to mitigate their impact more effectively.	Ontario; Seneca; Wayne; Yates	\$103,633.00	1 Year	Mental/Behavioral Health	2022
Partnership for Ontario County, Inc.	Community Development Throughout Ontario County	Much of the fundraising and spending that occurs in Ontario County takes place in larger, urban areas of the County, leaving the more rural communities in the County largely at a disadvantage to receiving support services. These inequities effect people in recovery, high-risk youth, low-income individuals/families, and those with food insecurity. This funding supports fundraising and grantwriting capacity building for local non-profits to develop the organization skills and talents to tap the philanthropic and government grant markets to address community needs.	Ontario	\$30,000.00	1 Year	Community and Economic Development	2022
ProsperRochester, Inc.	Inner Space-Social Emotional Health Training	This funding provides resources for Prosper Rochester's flagship peer-to-peer "WellVentions" program. The project pairs mental wellness and vocational experience which allows students to learn healthy approaches to understanding and managing emotions, while creating small-scale social enterprises.	Monroe	\$17,250.00	1 Year	Child/Youth Development	2022
Abundant Life Faith Center, Inc.	Walking the Walk	"Walking the Walk" is an expansion of current programming designed to emphasize the key role of bridging the gap and decreasing disparities that prevent access to and trust of traditional health initiatives. This program will develop new partnerships with community networks/organizations focused on health equity.	Monroe	\$24,000.00	2 Years	Public Health/Prevention	2022
Baden Street Settlement of Rochester Inc.	Supports for Youth Success	Since 1998, Baden Street Settlement has been the host agency for Metro Council for Teen Potential (MCTP), which is both a provider of direct services to teens and a convening organization that coordinates a comprehensive approach to teen pregnancy prevention. The project supports health educator staffing and delivery of Project AIM, an evidence-based intervention designed to provide sixth grade students from marginalized communities with sexual health education, social and emotional support, and career path mentorship.	Monroe	\$150,000.00	3 Years	Public Health/Prevention	2022
BreatheDeep, Inc.	Changing Our Narrative & Peer Ambassadors Programs	The BreatheDeep Peer Ambassadors Programs is a collaboration with the Young Women's College Preparatory High School focused on youth mental health. Historically communities of color have suffered from adverse impacts of systemic racism and oppression, including experiencing marginalization within the medical and counseling fields. Research indicates that women and girls of color remain the most underserved, misdiagnosed, under researched and most psychologically impacted population in the areas of mental health, grief and loss. This project provides therapeutic resources through peer education, support groups, and individual counseling.	Monroe	\$272,210.00	2 Years	Mental/Behavioral Health	2022
Center for Community Alternatives, Inc.	Youth Justice Peers Project	Involvement in the criminal legal system and incarceration is a social determinant of health. Incarceration leads not only to trauma and interpersonal violence, but also may be causally related to an increased mortality rate for incarcerated individuals. Children of color and those with disabilities are disproportionately represented in youth detention and placement facilities and may experience even more barriers to accessing education when they are released. While entrance to or exit from a placement facility are opportune times to engage youth with healthcare, these opportunities are too often missed. Through the CCA's Youth Justice Peer project, youth who are charged either criminally or as a juvenile delinquent are offered peer support in the form of a trained Justice Peer. The Justice Peers have New York State peer certification and lived experience of the criminal legal system. The Youth Justice Peers support youth as they navigate the court process during any period of detention, incarceration, or placement.	Monroe	\$88,450.00	1 Year	Child/Youth Development	2022
Center for Teen Empowerment	Multi-Neighborhood Youth Organizing Antidote to Community-Level Violence	Through neighborhood-based youth organizing, Teen Empowerment puts youth at the center of catalyzing change to unravel and heal the root causes of violence among youth. This project replicates and deepens the impact achieved in the Southwest neighborhood through expansion to two additional, historically redlined, neighborhood-based sites.	Monroe	\$560,000.00	5 Years	Public Health/Prevention	2022
City Roots Community Land Trust	Strengthening City Roots Resident Community	City Roots as a community land trust believes deeply in the connection between housing and health. Affordable housing is only one part of building healthy, thriving lives and communities. This project uses a human-centered design process to understand the various health related needs of resident members, design a network of supportive services and build relationships within their resident member community.	Monroe	\$27,000.00	1 Year	Community Organizing/Civic Engage	2022
Climate Solutions Accelerator	Addressing Climate Crisis to Improve Public Health Outcomes	The Climate Solutions Accelerator supports the 1.2 million residents in the Genesee-Finger Lakes region. This project focuses on the results of the City of Rochester's Climate Vulnerability Assessment, which identified seniors, children, people of color, low-income residents, people with disabilities, and refugees as particularly vulnerable to climate change. Climate impacts and the necessary solutions touch nearly every aspect of our lives (e.g., where we live, what we eat, how we travel, how our neighborhoods are designed, and what products and services we use). The Accelerator has established a climate-focused collective impact initiative that takes an intersectional approach to identifying and implementing climate solutions such as mitigating greenhouse gas emissions and addresses other community concerns, such as poverty, systemic racism, and health disparities. This one-year public education and engagement campaign seeks to introduce and partner with community members to dismantle the health, economic, and environmental impacts of climate change on their lives and their community.	Genesee; Livingston; Monroe; Ontario; Orleans; Seneca; Wayne; Wyoming; Yates	\$80,000.00	1 Year	Environmental Health	2022

Cultures Learning Together, Inc	Building Equity and Inclusivity through Language Tutoring	Cultures Learning TOGETHER strives to identify and meet the social, emotional, linguistic, and physical needs of migrants in Livingston County. This project supports their work families to improve their English language skills, access to health and supportive services, and social connectedness within the community.	Livingston; Monroe	\$99,961.00		Racial Equity/ Social Justice	2022
Daystar for Medically Fragile Children, Inc. DBA Daystar Kids	Improving Health Care Equity, Access, and Integration for Children with Medical Complexity ("CMC")	Daystar serves children with complex medical needs. This capacity building investment expands on-site staff to increase their clinical and therapeutic services to address issues of inequitable access and negative health outcomes by strengthening coordination and integration between external and internal services as infants and children transition from acute inpatient care to outpatient and community services.	Monroe	\$294,350.00	2 Years	Medical Care	2022
Dundee Fresh Food Co-op	Dundee Fresh Food Co-op	With the intent to decrease food insecurity in parts of Yates County, the Dundee Fresh Food Co-op provides a reliable year-round source for fresh foods. This funding supports the market study to determine the viability of this model for the community.	Yates	\$15,090.00	1 Year	Food Access	2022
Empire Justice Center	Language Justice Program	Language justice is a foundational civil rights issue which impacts every area of a person's life, particularly for communities of color, those with low incomes and other marginalized communities. It is crucial to our entire community's health that agencies have access to expertise and support to implement best practices and rebuild trust. The project seeks to ensure that every member of our community knows their rights and how to assert them in systems not designed for them. Through this grant, the Empire Justice Center is hiring a Deaf Advocate and an interrupter to provide training/technical assistance for organizations and direct legal representation for clients and their families.	Genesee; Livingston; Monroe; Ontario; Orleans; Wayne; Wyoming	\$100,000.00	1 Year	Racial Equity/Social Justice	2022
Endless Highway Inc.	I.D.E.A Expansion in Sports, Recreation, and the Arts	Endless Highway, Inc. serves children and young adults with physical disabilities by providing financial support, adaptive equipment, and inclusive opportunities in the areas of sports, recreation, and the arts. The funding supports the full-time Operations/Communication Director's salary, which would allow for organizational resources to be dedicated to inclusion, diversity, equity, and accessibility (I.D.E.A.) services for communities facing these intersecting areas of oppression.	Monroe	\$203,082.00	3 Years	Recreation/Sports	2022
