

Community Action of Orleans and Genesee has partnered with the Veterans Administration of Western New York to bring our Veterans Access to VA Hospital services. Using virtual technology and the safe and secure VA Video Connect app, Veterans can reserve time to connect to their VA providers using a sound proof booth located in the training room in the rear of the Main Street Market Place building. Talk to your Provider to see if your next appointment at the Buffalo VA is eligible to be conducted by Video, and save time, travel and remain close to home for your next VA Appointment.

Main Street Thrift Store
131 South Main Street
